Il design tra decorazione e contemporaneità di Penta Light, l'illuminazione tecnica di Penta Architectural, il made to measure di P Custom, le riedizioni dei maestri di Arredoluce. Dalla fusione di quattro realtà d'eccellenza del mondo dell'illuminazione è nato Penta Group: quattro brand, ciascuno con la propria autonomia, per quattro approcci progettuali accomunati dall'idea di trovare una sintesi tra funzionalità, tecnologia e bellezza.

The decorative yet contemporary design by Penta Light, the technical lighting by Penta Architectural, the made to measure by P Custom, the new editions of the Masters by Arredoluce. The fusion of these four outstanding companies in the lighting world gave birth to Penta Group: four brands, each with a strong characterization, four design approaches sharing the idea of finding a synthesis between functionality, technology and beauty.

GEOGRAFIA DELLA LUCE

A light — geography

Ogni lampada è il risultato dell'incontro tra la luce e lo spazio. Un binomio perfetto che le lampade Penta arricchiscono con la qualità di un design unico, espressione di un'eleganza sofisticata e di una bellezza senza tempo.

Luce, spazio e bellezza sono anche il fil rouge di questo racconto che inizia a Milano, storica capitale del design made in Italy, attraversa il Veneto delle ville palladiane e arriva a Venezia, città depositaria della tradizione decorativa italiana e della lavorazione del vetro.

Una narrazione che è anche un viaggio attraverso le nostre geografie: da Milano – insieme alla Brianza il luogo del saper fare e della storia di Penta – al Veneto, nuovo approdo di un Gruppo che ha fatto dell'illuminazione di qualità, in ogni ambito, la sua filosofia.

Each lamp is the result of the encounter between light and space. A perfect match that Penta lamps enrich with the quality of a unique design, expression of refined elegance and timeless beauty.

Light, space and beauty are as well the common thread in this tale that starts in Milan, historical capital of Italian design, crosses the Palladian Villas in Veneto and lands in Venice, beating heart of the Italian decorative tradition and the secrets of processing glass.

A tale which is also a journey through our geographies: from Milan – together with Brianza the place of know-how and of Penta history – straight to Venice, new landing port for a Group that has declared quality lighting its philosophy, in every way.

A contemporary — chandelier

Reinterpretazione del classico lampadario in vetro, Jei Jei è maestosa ed essenziale. Le canne in vetro borosilicato sottilissimo si innestano nella corona centrale dando vita a composizioni più o meno ricche, anche in versione applique.

Jei Jei is a majestic and essential re-imagining of the classical glass chandelier. The thin borosilicate glass rods engage onto the central crown, giving life to more or less rich compositions, both in the suspension or wall version.

NARCISO

Inspired by — an eternal myth

Come nel mito classico Narciso guarda la sua immagine riflessa nell'acqua, così il cono dell'omonima lampada si sdoppia per diffondere e riflettere la luce delicata del corpo illuminante. Omaggio alla musica la versione da tavolo, con diffusore audio bluetooth.

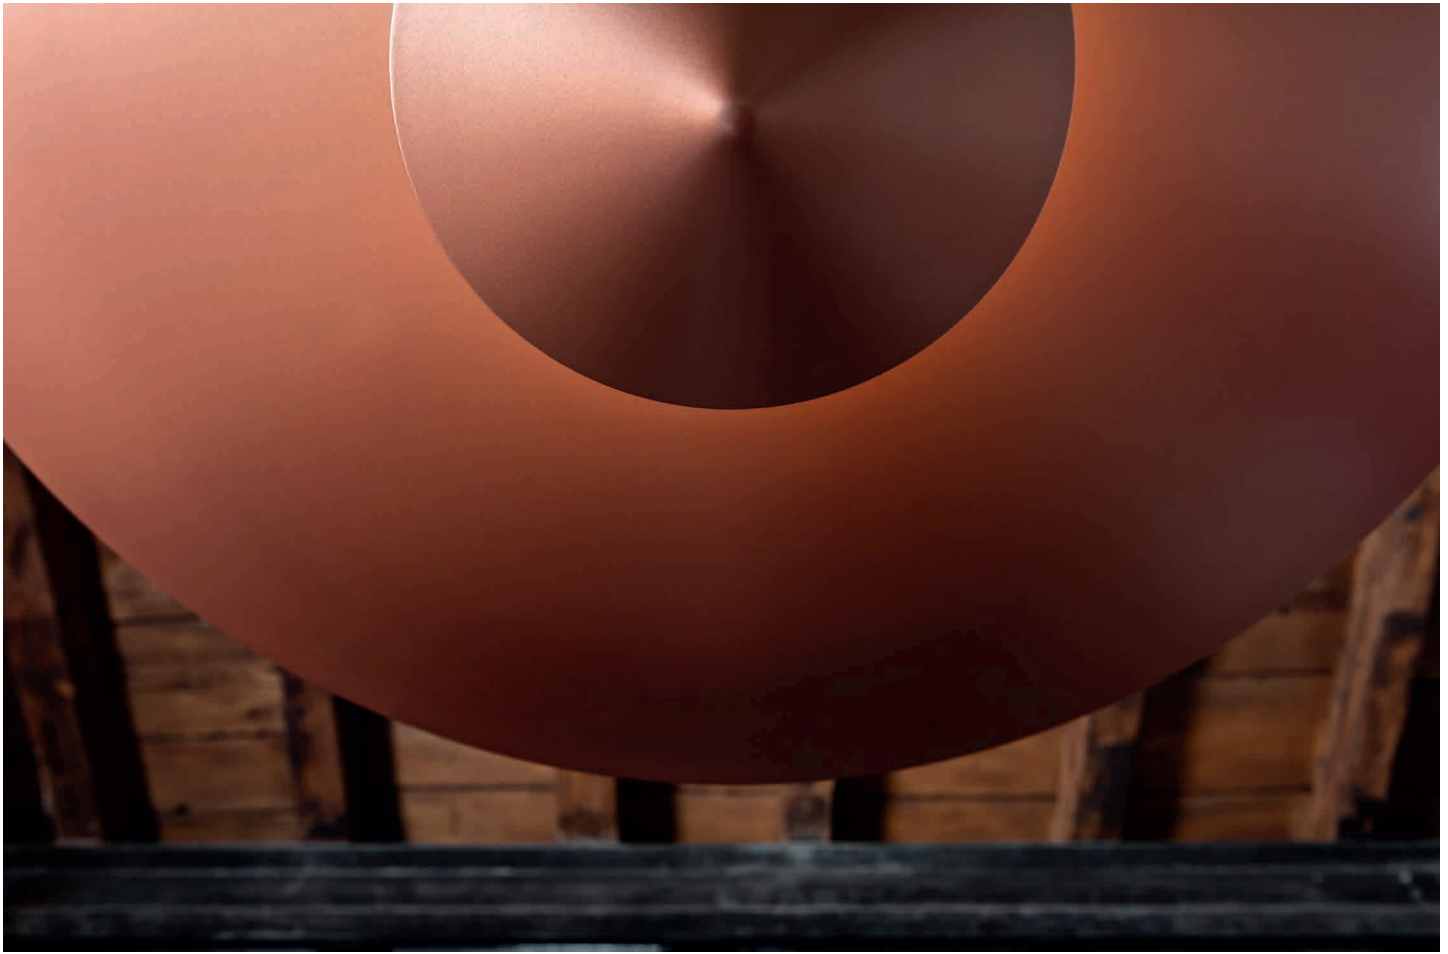

As in the classic myth Narciso looks at his image reflected in the water, likewise the cone of this lamp splits up to spread and reflect the delicate light of the lighting body. The table version is a tribute to music, complete with bluetooth audio speakers.

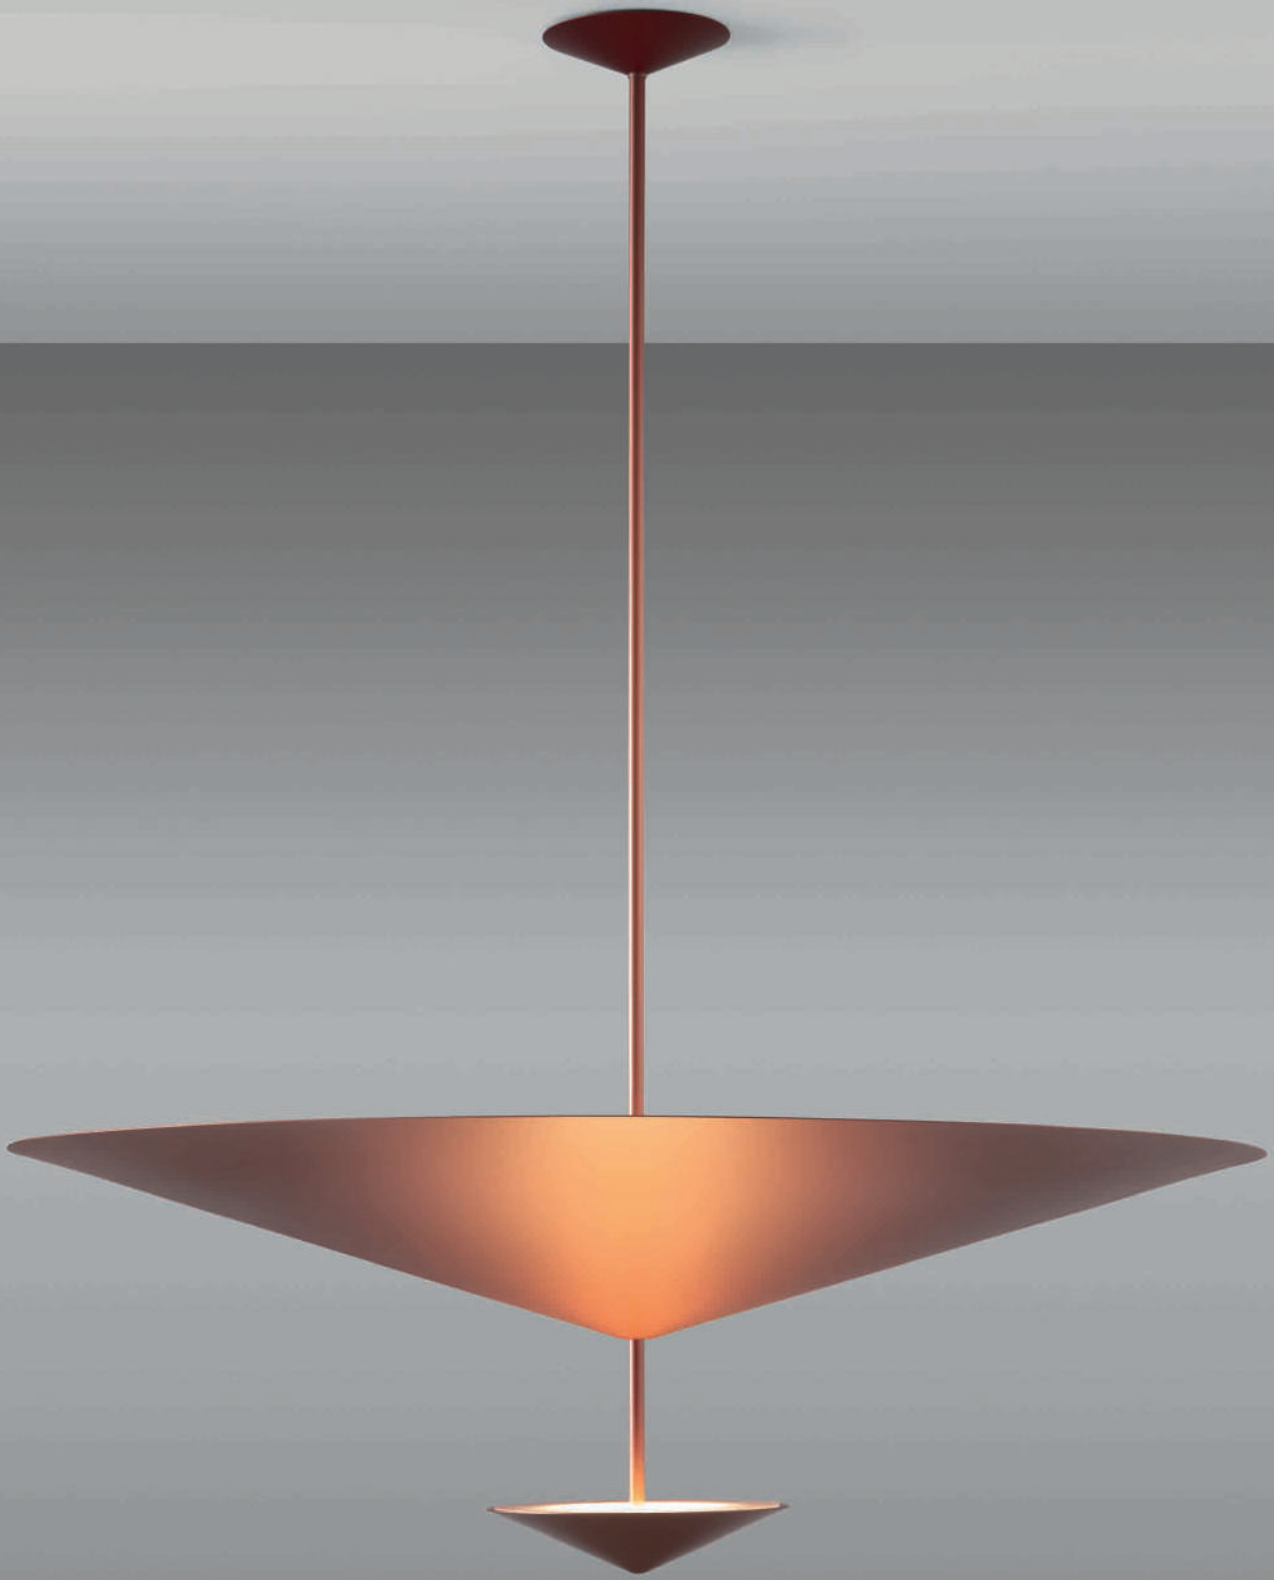

A close-up photograph of a thin, curved metal blade, possibly a scalpel or a specialized surgical instrument, set against a dark background with vertical light streaks. The blade is positioned in the lower-left quadrant, curving towards the right. The lighting is dramatic, highlighting the sharp edge and the smooth, reflective surface of the metal. The background consists of several vertical, parallel light streaks that create a sense of depth and texture.

As time — goes by

Luce, trasparenza, leggerezza: la collezione Tic/Toc si compone di due lampade diverse ma affini. La prima è completamente in vetro colorato con un'anima luminosa, la seconda unisce una base a sfera di vetro a un paralume in tessuto.

Light, transparency, lightness: Tic/Toc collection consists of two different but similar lamps. The first one is coloured glass with a bright soul, the second combines a glass sphere with a fabric shade.

SOSPENSIONI IN TESSUTO

Sospensioni e paralumi in tessuto hanno segnato l'inizio della nostra storia. Ancora oggi li facciamo a mano uno a uno, con tessuti e passamanerie di pregio.

FABRIC SUSPENSIONS

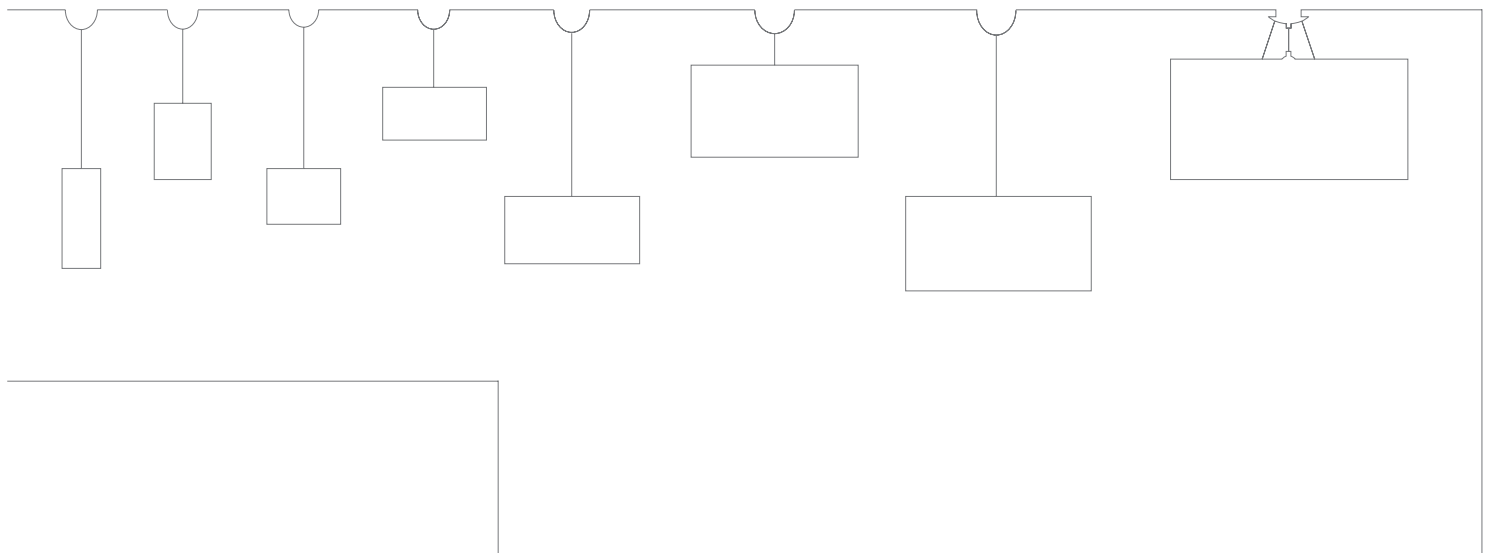

Fabric suspension lamps and lampshades marked the beginning of our history. As of today, we still produce each of them by hand, with precious fabrics and trimmings.

CILINDRO

Classic and soft — to the touch

Un oggetto dalle linee pulite che diventa protagonista dello spazio, esaltando attraverso la luce la morbidezza del tessuto.

An object with clean lines becomes the protagonist of the space, enhancing the softness of the fabric through light.

CILINDRO ALTO

A beautiful — presence

Una sospensione in tessuto dalla forma cilindrica allungata, da usare sola o abbinata ad altre di diametri e altezze diverse, anche in differenti finiture.

A fabric suspension with an elongated cylindrical shape, to be used alone or combined with others of different diameters and heights, in different finishings as well.

CILINDRI BASSI

A cozy — and welcoming light

Una sospensione dal fascino sofisticato: il paralume in tessuto lascia filtrare una luce morbida e accogliente, perfetta per i luoghi della convivialità.

A suspension lamp with a sophisticated charm: the fabric shade leaks a warm, welcoming light, which is perfect for convivial spaces.

CILINDRO DOPPIO

From tradition — to contemporary

Uno dentro l'altro, i cilindri creano effetti diversi: dalla versione classica, con doppio paralume in tessuto, a quella più contemporanea, con cilindro interno in PVC specchiato.

One inside the other, the cylinders create different effects: from the classic version, with a double fabric shade, to the more contemporary one, with an internal mirror-finish PVC cylinder.

UP - DOWN

The adjustable — lampshade

Il classico paralume rinasce in versione iper-contemporanea in Up&Down, sospensione in tessuto o PVC specchiato con cavo e contrappeso in metallo, da regolare in altezza.

The classic lampshade is new again in this hyper-contemporary version of Up&Down, a suspension lamp in fabric or mirror-finish PVC with a metal cable and counterweight, to be adjusted in height.

Geometry — has never been softer

Le curve sinuose dei cilindri lasciano spazio alla geometria di Rettangolo, una sospensione rigorosa riscaldata dalla finitura in tessuto.

The sinuous curves of the cylinders leave space to the geometry of Rettangolo, a severe suspension light, made softer by the fabric finishings.

CLUB HOUSE

Classic — with a twist

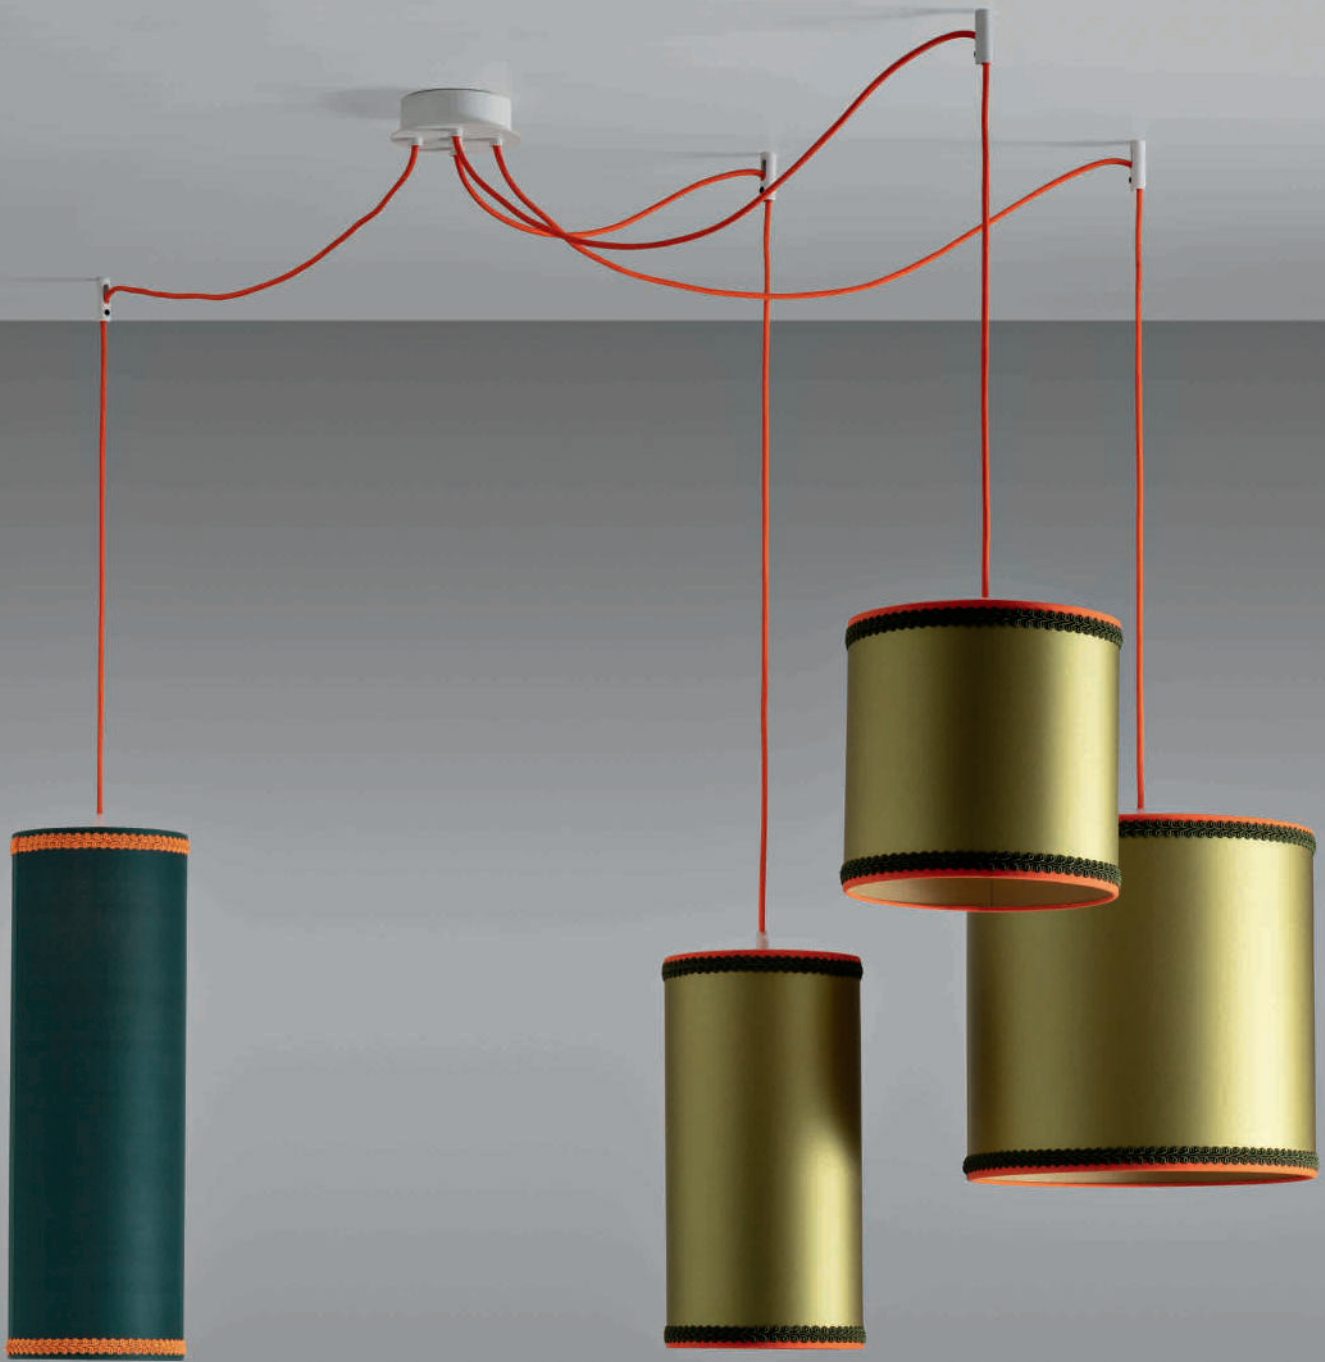

Club House è una collezione dall'indole decorativa che rilegge con ironia il classico paralume in seta con passamaneria a contrasto.

Club House is a decorative collection that ironically reinterprets the classic silk shade with contrasting trimmings.
