

**TOOY**

TOOY nasce dall'ispirazione di creare prodotti fortemente propositivi dal punto di vista stilistico e concettuale nel mercato dell'illuminazione decorativa. La varietà di tipologie insieme ai materiali e le finiture utilizzati, scelti facendo molta attenzione alle tendenze del momento, fanno sì che il prodotto TOOY si presti a diverse soluzioni di arredo, dal settore privato a quello 'contract'. Bilanciando le forme d'arte tradizionale alla continua ricerca e sperimentazione, l'idea è nata per creare prodotti unici e riconoscibili tali da soddisfare una fascia di mercato particolarmente attenta nei confronti del gusto e dell'originalità.

La direzione artistica di Corrado Dotti ha attribuito al brand uno stile unico e riconoscibile grazie a un'ampia varietà dei materiali, forme ricercate e finiture sofisticate. Le lampade TOOY sono elementi decorativi dal forte senso estetico e dall'apparente semplicità ma di grande sofisticatezza che danno un valore aggiunto all'ambiente in cui si inseriscono. La collezione, concepita con l'intenzione di essere fortemente propositiva dal punto di vista stilistico e concettuale nel segmento dell'illuminazione decorativa, propone un assortimento completo di prodotti unici e riconoscibili tale da soddisfare le diverse esigenze del mercato al quale si rivolge. Oltre al forte carattere decorativo dei prodotti e alla particolare e raffinata immagine che il marchio trasmette, un valore importante è costituito dall'artigianalità tipicamente italiana dell'azienda e dai materiali preziosi utilizzati. Un insieme di elementi che storicamente hanno caratterizzato il successo del "Made in Italy" nel mondo. Prodotti a regola d'arte che preservano la cultura del ben fatto e la passione per la luce. Apparecchi innovativi, che raccontano la luce, caratterizzati da una forte matrice artigianale la cui essenzialità personalizza l'ambiente in cui si inserisce. Lavoriamo continuamente per mescolare la luce con il design utile e funzionale, immergendoci nel nostro ambiente, traendo vantaggio da una lunga storia familiare ed esplorando le infinite possibilità dei nostri spazi quotidiani.

TOOY è un brand fondato da Valeria Giacomozzi & Valerio Tidei.

Inspired by the idea of creating highly propositive products in the decorative lighting panorama – either style- and concept-wise – TOOY offers a variety of lighting types, combining materials and finishes chosen with a keen eye to current trends, which make its products suitable to both the private and the contract sectors.

Balancing traditional art forms to continuous research and experimentation, TOOY creates unique and recognizable products, able to meet the needs of a market segment particularly attentive to taste and originality.

The artistic direction of Corrado Dotti has given the brand a unique and recognizable style thanks to a wide variety of materials, sophisticated shapes and finishes.

TOOY lamps are decorative elements with a strong aesthetic sense - simple in appearance, though highly sophisticated - which give an added value to any ambience in which they are used.

Its collections offer a complete range of fittings, unique and with a strong identity, to fully satisfy the different markets' needs. In addition to the strong decorative character of its products and to the particular and elegant image of the brand, an important added value is given by the typically Italian craftsmanship of the manufacturer and the precious raw material used for the production. A blend of winning elements that have historically distinguished the tradition of "Made in Italy" throughout the world. Products made to perfection, preserving the culture of "well done" and the passion for light.

Innovative apparels that "tell a story" of light; product of a strong workmanship which permeates each and every one of TOOY items, transferring their essentiality to the ambience surrounding them.

TOOY keeps working to combine light to useful and functional design, immersing itself in its environment, taking advantage of a long family history and exploring the never-ending possibilities of our everyday spaces. TOOY is a brand established by Valeria Giacomozzi & Valerio Tidei.

DESIGN: ROBERTO GIACOMUCCI

Lampada a sospensione, soffitto e parete con diffusore in metallo verniciato a polveri epossidiche di spessore molto sottile. La versione decentrata, presenta un sistema di fissaggio a soffitto versatile che permette di illuminare anche in assenza di punti luce predisposti a soffitto. I decentratori in metallo infatti, permettono al filo elettrico di scorrere per portare la luce dove occorre. Grazie alla sua essenziale forma, la luce si diffonde uniformemente in tutto l'ambiente.

Suspension, ceiling and wall lamp with a thin metal powder coated diffuser. The decenterate version has a versatile ceiling mounting system allowing to illuminate even in absence of electrical connection on the ceiling. In addition, the metal decentralizers allow the wire to slide to bring the light where it is needed. Thanks to its essential form, the light spreads evenly throughout the environment.
