La bellezza è evoluzione. La spettacolare magnificenza degli antichi saloni nobiliari di Venezia entra nel futuro della tecnologia più avanzata. La classicità più preziosa mantiene l'iconica estetica, trasformandone la personalità attraverso il fascino creativo del colore e delle diverse tipologie di effetto luminoso ottenuto con sistemi illuminotecnici avanzati. Ieri e oggi, il bello dell'innovazione.

Beauty is evolution. The spectacular magnificence of the rooms of ancient Venetian nobility complemented by advanced, futuristic technology. Precious classical style maintains its original, iconic look but adopts a new personality thanks to the fascinating creativity of colour and a varied range of lighting effects achieved by the latest control systems. The beauty of innovation, yesterday and today.

CG Coloured Glass

La collezione Maria Teresa interpretata in chiave contemporanea. Il colore è protagonista assoluto e veste il modello in ogni dettaglio, dipingendo paralumi e pendagli di vetro, secondo un progetto d'arredo attento alle nuove tendenze e alla personalizzazione cromatica. Il lampadario non è più un complemento, ma diventa un vero e proprio arredo, coordinato allo spazio. Telaio in metallo verniciato e pendagli in vetro verniciato disponibili in nove colori. Sistema di illuminazione tradizionale.

A contemporary interpretation of the Maria Teresa collection. Colour is the protagonist that dominates every detail of this model, painting shades and glass pendants in a style inspired by the latest furnishing trends and personal colour schemes. Far from being a mere complement, this chandelier is the key feature of coordinated space. The painted metal frame and painted glass pendants are available in a choice of nine colours. Traditional lighting system.

La bellezza è decorazione. Il fascino del gusto rinascimentale ispira la logica della proporzione e costruisce simmetrie perfette. Il cristallo purissimo riflette la luce, moltiplicandola all'infinito, sospeso tra oro e argento. L'eleganza contemporanea di un lusso inconfondibile amato da secoli. Lampadari unici che ricordano una nobile storia e celebrano il bello dell'oggetto d'arte.

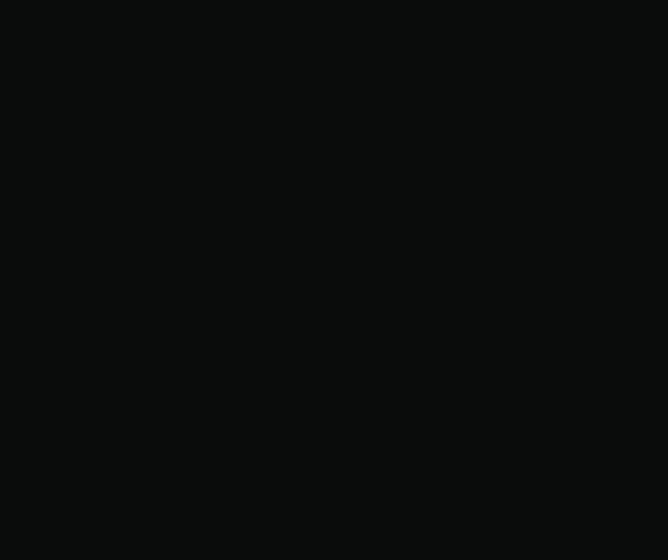

Beauty is decoration. Our fascination with Renaissance tastes inspired the proportions that create these perfect symmetries. The purest crystal glass reflects light in an infinity of facets, suspended between gold and silver. Centuries of unmistakable luxury have assumed a new, contemporary elegance. These unique chandeliers revive the noblest history and celebrate the true beauty of objects of art.

The background is a solid orange color. Overlaid on this is a complex, abstract pattern of thin, light-orange lines. These lines form a series of overlapping diamonds of various sizes. Some diamonds are oriented with their corners pointing up and down, while others are rotated 45 degrees so their corners point left and right. The pattern is dense and covers most of the page, with some areas where the diamonds overlap significantly.

La bellezza è misura. La maestria artigianale modella i metalli più nobili in una collezione che rende omaggio alla luce con il punto di vista discreto del particolare più curato. Come i ricercati gemelli di una camicia sartoriale o i bottoni gioiello di un capo importante. Punti luce e lampade da tavolo sono oggetti preziosi, che rappresentano il bello del dettaglio e del materiale.

Beauty is measure. Superb craftsmanship transforms the noblest metals in this collection, paying homage to light with a discreet focus on attention to detail. Like the cuff links of a tailored shirt or the jewelled buttons of a prestige dress. Lights and table lamps form precious objects that convey the beauty of detail and material.

Attesta la conformità del prodotto alle disposizioni delle Direttive comunitarie.

It certifies the conformity of the products to the European Community provisions.

Il atteste la conformité du produit aux dispositions des directives communitaires.

Konformität des Produktes mit den Richtlinien der europäischen Gemeinschaft.

Настоящим подтверждается соответствие продукции положениям директив ЕС.

“ETL” logo refers to articles which can be modified with ETL-compliant components. The “ETL” listing Mark stands for tested and evaluated product to recognised US safety standards.

Flusso luminoso nominale. L'indicazione si riferisce al valore in assenza di rifrazione, come dichiarato dal produttore del componente.

Nominal luminous flux. Refers to the value without any refraction, as declared by the component manufacturer.

L'unité SI de flux lumineux. L'indication correspond à la valeur en l'absence de réfraction, comme indiqué par le fabricant du composant.

Die Maßeinheit für den Lichtstrom. Die Angabe bezieht sich auf den Wert in der Abwesenheit von Brechung, wie vom Hersteller der Komponente angegeben.

Номинальный световой поток. Указание относится к значению в отсутствие рефракции, как заявлено производителем компонентов.

Glass

La bellezza è tradizione. L'antica arte vetraria veneziana tramanda la sua eccellenza riconosciuta in tutto il mondo. L'originale tecnica della graniglia regala sorprendente profondità materica con piccolissimi frammenti mai uguali, che rendono unico ogni pezzo. L'eredità storica dei lampadari di cristallo di Bohemia disegna grandi candelieri dai bracci in vetro soffiato di Murano lavorato a mano. La trasparenza del vetro espande la luce, mostrando il bello della purezza.

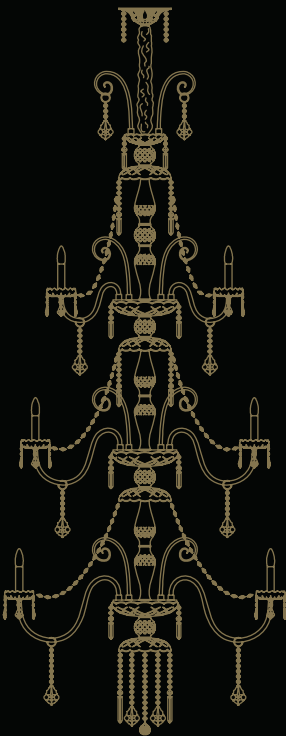

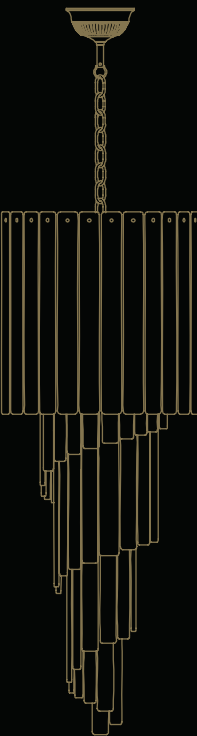

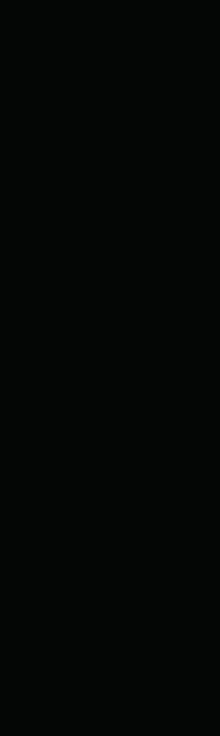

Beauty is tradition. The ancient and universally respected craft of Venetian glass making still thrives today. The traditional technique of 'graniglia' adds surprising depth to glass objects using tiny, never-identical fragments to make every object unique. The classical heritage of Bohemian crystal inspired these large chandeliers with arms in blown and hand-finished Murano glass. The amazing clarity of this glass magnifies the light and conveys the true beauty of purity.

Programs

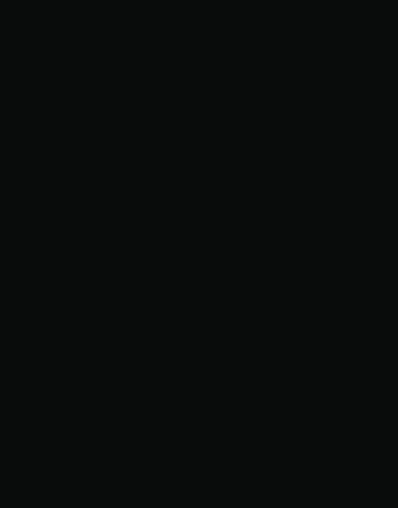

La bellezza è possibilità. La natura variabile del progetto esprime tutte le sue potenzialità, senza limiti di spazio o dimensione. La personalizzazione infinita della composizione. La creatività disegna elementi luminosi in moduli combinabili su misura, con soluzioni inedite. I programmi rivoluzionano il concetto di illuminazione, costruendo la nuova forma del lampadario contemporaneo, per esprimere il bello della scelta.

Beauty is possibility. The full potential of this collection is expressed through natural variability and the absence of spatial and dimensional limits. Compositions can be infinitely personalised. Creativity can combine these luminous objects into modular elements capable of forming unique personal solutions. The Programs collection revolutionises the whole concept of lighting, giving contemporary chandeliers a new shape and expressing the beauty of choice.

La bellezza è sintesi. Oltre le definizioni, classico e moderno si fondono bilanciando con eleganza le caratteristiche di forma e materia. Lo stile è un equilibrio composto di idea e personalità. Contesto e arredo diventano complici di una sintesi che li rende un tutto, senza limiti di alcun genere. Il progetto è un pensiero nuovo, che mostra il bello della contaminazione.

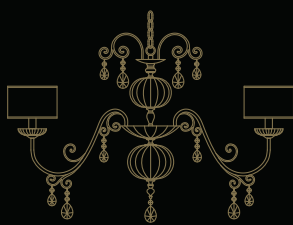

Beauty is synthesis. Beyond the definitions, classical and modern merge to create an elegant blend of forms and materials. Style becomes an equilibrium formed by ideas and personalities. Context and furnishing are the accomplices to a synthesis that creates unity beyond all limits. Here is a design that expresses a new way of thinking and highlights the beauty of borrowing.
