Kontur

Design by Sebastian Herkner.

Providing a framework for light, the Kontur collection serves as an elegant stage setting for the linear light source it contains. Its minimalist black frame pairs with different diffusers or reflectors in a poetic balance, creating myriad lighting ambiances.

2700K LED colour temperature

Compose personalised atmospheres with unique combinations of Kontur pendants in a space. Available in a range of LED colour temperatures of 2200 K, 2700 K, 3000 K, 4000 K for warm, candlelit looks or brighter, daytime effects.

Pure and refined, Kontur's cylindrical glass diffuser possesses a timeless sensibility. It generates a warm, 360-degree glow that recalls the romantic look.

Large-scale glass wall lamp

2200 K LED colour temperature

“Kontur is about simplicity and balance. The light is very poetic and features a frame interacting with different shapes to generate myriad lighting moods and atmospheres.”

Sebastian Herkner.

2200 K LED colour temperature

2700 K LED colour temperature

Kontur features a flat metal sheet formed into a rounded reflector, producing a poetic balance within its frame. The look, modern and architectural, lends itself perfectly to meeting or working area settings.

Defined by its sleek, black frame imbedded with LEDs, Kontur explores the concept of linear light with a curved metal reflector. The fine, concave form crafted from a sleek sheet of metal casts indirect illumination that lends the ambient look of raining light. Kontur is available in two formats: a striking, large-scale wall lamp and a pendant that appears to float overhead from nearly invisible cables. These pure volumes are suspended in a state of elegant balance within their graphic geometric architecture, setting the stage for multiple lighting atmospheres.

● 11 Black (NCS S 8500-N)

Diffuser: Polycarbonate.
Structures: Aluminum.
Concave shade: Aluminum.

LED 2700 K. CRI >90. 104 lm/W.
Dimming: 1-10V.

Personalisation options available
- LED 2200 K, 3000 K, 4000 K
- Dimming: DALI, Push or Casambi
Hanging models
- Extra cable length
Request more information.

6436

6438

Distilled to its essence, Kontur glass is distinguished by a streamlined black frame imbedded with LEDs and paired with a cylindrical opaline diffuser. The opaque, mouthblown glass generates a warm, 360-degree glow as if from a fire, its circular silhouette playing counterpoint to the frame's crisp rectangular form. Kontur glass is available in two formats: a bold, large-scale wall lamp and a pendant that appears to float overhead from nearly invisible cables. Pure and elemental, the volumes produce a delicate balance within their graphic geometric architecture, setting the stage for multiple lighting ambiances.

● 11 Black (NCS S 8500-N)

Diffuser: Polycarbonate.
Structures: Aluminum.
Glass shade: Opal triplex.

LED 2700 K. CRI >90. 104 lm/W.
Dimming: 1-10V.

Personalisation options available

- LED 2200 K, 3000 K, 4000 K
 - Dimming: DALI, Push or Casambi
 - Hanging models
 - Extra cable length

glass shades.

Ghost

Design by Arik Levy.

A study in contrasts, the Ghost collection embodies both spirit and materiality, discretion and presence. A contemporary reimagining of the grand lights that once graced entryways and living areas, its sensuous form radiates a welcoming, luminous sensibility.

The Ghost table light uses a white diffuser but it comes with two colored diffusers -one amber and one burgundy - that can be placed in the lower piece of glass. With these diffusers, it creates an overall ochre or reddish light effect.

True to its namesake, Ghost evokes an ethereal presence that assumes its full effect when illuminated. A stacked silhouette of bulbous shapes is gracefully balanced, its generous form exuding a grounded, welcoming spirit. The black band encircling its midsection enhances the life-like feel. Serving as a touch dimmer for the push version, it evokes the sensuous curves of a person belted waist while offering wellbeing lighting atmospheres. Crafted of meticulously mouthblown opal triplex glass, Ghost’s rich, smooth material generates a warm, ambient glow. Lower diffusers in a choice of white, burgundy and amber illuminate the tulip-like shapes for mix-and-match lighting effects.

● 11 Black (NCS S 8500-N)

Diffuser: Opal Glass.
Metal parts: Aluminum.

A colour glass diffuser can be placed in the lower glass for an amber or burgundy light effect.

LED 2700 K. CRI>90. 137 lm/W.
/11 Dimming: DALI
/15 Dimming: Push
On-off & dimming (middle black frame).

Personalisation options available
- LED 4000 K
- Dimming: 1-10V, Casambi.
- Extra cable length.
Request more information.

Dimming and installation options

/15: Push-dimming model equipped with two buttons, one for each diffuser. A quick push turns the light on and off, a longer pression dims the light.

The driver of the DALI, 1-10V and Casambi versions is enclosed in a box at the end of the cable.

Arrayed in multiples for maximum visual impact, a group of Ghost pendants commands a space with their glowing, sculptural presence.

“Ghost is the pure expression of a state of mind, of the immateriality of mouthblown glass that projects a sensuous halo in space. This sensation is enhanced with the Ghost table lamp, a visual sculpture both when the light is on or off. Its double composition creates a family of giant and generous forms whose smooth surface and texture radiate a gentle and warm light. Despite its evanescence, it becomes a kind of companion in the living environment”

Arik Levy.

Evoking a luminous, ethereal presence, the Ghost pendant provides a focal point in any interior. Large in scale, yet elegant in attitude, the delicate luminaire floats overhead from nearly invisible cables. Its distinctive sculptural silhouette appears to descend like a spirit from the sky, suspended low for dramatic effect. Crafted of opal triplex glass that's meticulously mouthblown, Ghost's smooth surface radiates a warm, welcoming ambience that bathes a space in soft light.

● 11 Black (NCS S 8500-N)

Diffuser: Opal Glass.
Metal parts: Aluminum.

LED 2700 K. CRI>90. 149 lm/W.
Dimming: DALI, 1-10V, Push.

Personalisation options available

- LED 4000 K
- Dimming: Casambi
- Extra cable length

Diffuser: Opal Glass.
Metal parts: Aluminum.

Dots

Design by Martín Azúa.

A diminutive wall sconce delivers outsized impact in the form of simple, circular dots. Seamlessly connecting a space with an intimate landscape of beams and halos, the collection creates a melody of light like a composition of musical notes in concert with another.

Its compact shape, range of colour finishes, and warm wood material make Dots very easy to integrate into a space.

4662 item with on-off switch on the back plate.

“Dots is a **simple, versatile lighting system** that offers many different solutions in one collection. If we forget the idea that wall lamps are boring, we can suddenly start playing with material, colours and lighting effects in group or individually to create comfortable atmospheres”.

Martín Azúa.

Compact, glowing circles trace individual points of light across the wall with the Dots collection. Small in scale with a bold simplicity, the lamps offer personalised functionality in several versions: a graphic, directional light; an ambient, indirect light; and an accent/reading light. Deployed alone like a sparkling jewel or in combination to create a glowing galaxy, the collection offers an intimate universe of light. The luminaires exude a fresh and playful feel, connecting a space while providing myriad lighting solutions. Dots is available in solid wood or lacquered in four of Vibia's Chromatica® colours.

Palo Alto update

Design by Xuclà.

At once natural and architectural, Palo Alto creates the effect of illuminated landscaping. Its angular, tree-shaped silhouette integrates seamlessly with the outdoors whether displayed individually or in a group.

A slender silhouette that better integrates into the landscape thanks to new heights, shapes, and branch angles.
A new lighting solution with optical lenses which improves the light flux up to 10 fold.

At once natural and architectural, Palo Alto creates the effect of illuminated landscaping. Sleek and streamlined, its angular, tree-shaped silhouette integrates seamlessly with the outdoors. It is offered in various minimalist shapes and can be displayed individually or in a group to resemble a stand of trees. The upper reaches of the sturdy steel fixture are fitted with slim swaths of LEDs directed downwards to create diffused, ambient glow.

- 29 Brown D1 (NCS S 8005-Y50R)
- 53 Green M1 (NCS S 6005-G80Y)

4675 83 /10	American walnut	
LED  IP20 CE		

Palo Alto Update

Design by Xuclà.

Outdoor

4510
2 x LED 2,2W 700mA.
LED 2700 K. CRI> 90. 179,64 lm. 20 lm/W
Driver Constant Current 700mA. 220~240V. 50/60Hz.

Body: Steel.
Cover: Steel.
Net weight: 10 Kg.

4510 29 /10 Brown D1 (NCS S 8005-Y50R)

4510 53 /10 Green M1 (NCS S 6005-G80Y)

4516
1 x LED MODULE 24V 15W.
LED 2700 K. CRI> 90. 1044,95 lm. 70 lm/W
Driver Constant Voltage 24V. 100~277V. 50/60Hz.

Body: Steel.
Cover: Steel.
Net weight: 16,5 Kg.

4516 29 /10 Brown D1 (NCS S 8005-Y50R)

4516 53 /10 Green M1 (NCS S 6005-G80Y)

4521
1 x LED MODULE 24V 15W.
LED 2700 K. CRI> 90. 1031,39 lm. 69 lm/W
Driver Constant Voltage 24V. 100~277V. 50/60Hz.

Body: Steel.
Cover: Steel.
Net weight: 16,1 Kg.

4521 29 /10 Brown D1 (NCS S 8005-Y50R)

4521 53 /10 Green M1 (NCS S 6005-G80Y)

32 x 32 cm

4537 p. 80

32 x 32 cm

4538 p. 80

4537
2 x LED MODULE 24V 15W. 
LED 2700 K. CRI> 90. 2076,32 lm. 69 lm/W
Driver Constant Voltage 24V. 100~277V. 50/60Hz.

Body: Steel.
Cover: Steel.
Net weight: 41,76 Kg.

- 4537 29 /10 Brown D1 (NCS S 8005-Y50R) 
- 4537 53 /10 Green M1 (NCS S 6005-G80Y) 

LED  IP65  EAC 

4538
3 x LED MODULE 24V 15W. 
LED 2700 K. CRI> 90. 3045,38 lm. 68 lm/W
Driver Constant Voltage 24V. 100~277V. 50/60Hz.

Body: Steel.
Cover: Steel.
Net weight: 49,86 Kg.

- 4538 29 /10 Brown D1 (NCS S 8005-Y50R) 
- 4538 53 /10 Green M1 (NCS S 6005-G80Y) 

LED  IP65  EAC
