CATALOGUE

## SUPERLOOP OVAL

Superloop circular light has the ability to **diffuse light all around**. The loop can be hung using steel cables, based in one fixation point or multiple suspension points, or from a steel rod suspending the ring from the air.

## SPIX

It comes as a **surface mounted spotlight**, as a version on pin to put in between the greenery or as a **bollard** with 2 or 3 light units. To light up trees, emphasize architecture or highlight pathways.

## BOXY

Visually, the profile seems to be running straight through the Boxy module, while in fact the module is designed to perfectly embrace the profile, **merging together as one**.

## INLET TRIMLESS

Inlet Trimless XS generates a **narrow beam of light** that produces a **triangular shaped light effect** on the floor.

# IN THE MOOD WITH DELTA LIGHT®

## OCTAV

An extreme **flexible spotlight**. Technically impressive that it is depending on the inclination angle of the adjustable spotlight. Be it the **squared design** that is in complete contrast with the **rounded back part**, creating some visual tension.

## SPY WALLWASH

Available as Clip, as Track spot or as module on the magnetic profiles, these accent lights have a build in **wallwash optic** to evenly illuminate vertical surfaces.

## OONO

OONO combines elegant looks with a warm diffused light effect. OONO offers **IP-rated solutions** for **outdoor** and **pendant luminaires** for **indoors**.

## SUPERLOOP SLIM

Further explores the boundaries of circular general light, as it offers **three different ways of diffusing light** around a room.

## ENTERO

A set of lighting tools enabling architects and designers to create discrete but diverse lighting schemes, using only **one luminaire type** throughout the **entire project** and both for interior and exterior applications

## SPLITLINE M20

Combines refinement and clean lines with a boost of flexibility thanks to the **magnetic mounting** of the light modules.

TO FIND OUT MORE!

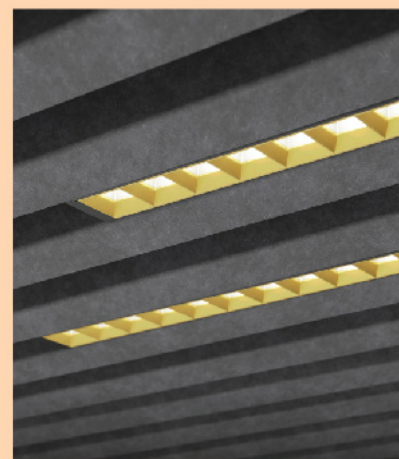

## SOLISCAPE

Designed by **UNStudio X Delta light**. An extremely versatile and flexible system, specifically designed to create human-centric environments. It **combines lighting with acoustics and IOT**.

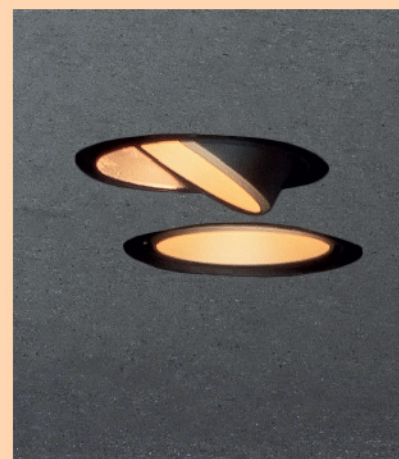

## ZOOVER

Zoover 4Clip is the choice to make in spaces that ask for a specific atmosphere. **Direct the spotlights towards an object**, create an attractive play between light and darkness.

## D-LINER

With D-Liner, Delta Light offers 3 types of lighting solutions that **match with different ceiling types**. Two examples of high-end technical ceilings are the Smart Acoustic Passive Power (SAPP) ceiling and HeartFelt ceiling.

## PLAT-OH!

Plat-Oh! is designed to fit in these new building concepts as it offers a family of tiltable downlights that **only require 55mm** of recessing depth.
