Bungee torna a fare parte delle nostre collezioni permanenti dopo vent'anni dal suo debutto. Un restyle che la riporta all'attualità, una lampada terra-cielo che saprà valorizzare ogni ambiente con la sua presenza. I miglioramenti sono visibili fin da subito: la corda ora è tessile e disponibile in più varianti colore, la base è in cemento e si possono gestire fino a tre punti luce. Bungee si ripresenta quindi come un essenziale elemento d'arredo, caratterizzante anche da spento.

Twenty years since it first made its debut, Bungee returns to our permanent collections with a restyling that brings it back up to date: a floor-to-ceiling light fitting whose presence will enhance any space. The improvements are immediately obvious: the cable is now made from fabric and comes in a range of colours; the base is made of concrete and can take up to three lamps. With these improvements, Bungee once again re-introduces itself as an essential element for furnishing interiors that has a strong presence even when it is switched off.

La collezione Bungee è costituita da una terra-cielo per interno. Bungee è composta da un cavo tessile con attacco a soffitto e alimentazione a terra. Il corpo illuminante è scorrevole, ruotante e dotato di un anello in alluminio con molle d'acciaio, che consentono di orientare a piacere il fascio di luce. La sorgente luminosa è un LED integrato ed è disponibile dimmerabile PUSH.

The Bungee Collection is a full-height floor-to-ceiling lamp for indoor use. The light fittings are supported on a fabric cable that is fixed to the ceiling. The power supply is at floor level. The body of the fitting can slide up and down and rotate, and has an aluminium ring with steel springs that enable the beam of light to be directed as desired. The light source is an integrated LED and is available with a dimmer PUSH.

Ispirato ad un piatto della batteria, il grande e sottile paralume di Acustica ne ribalta il concetto, assorbendo le onde sonore ambientali e creando un elevato comfort acustico. La sua posizione naturalmente inclinata e la leggerezza del paralume, permette di avere composizioni di lampade dinamiche e creative. La fonte luminosa è centrale e fissa, Acustica è disponibile in più varianti colore. È ideale per ambienti pubblici come ristoranti, uffici di lusso ma anche ampi spazi di attesa.

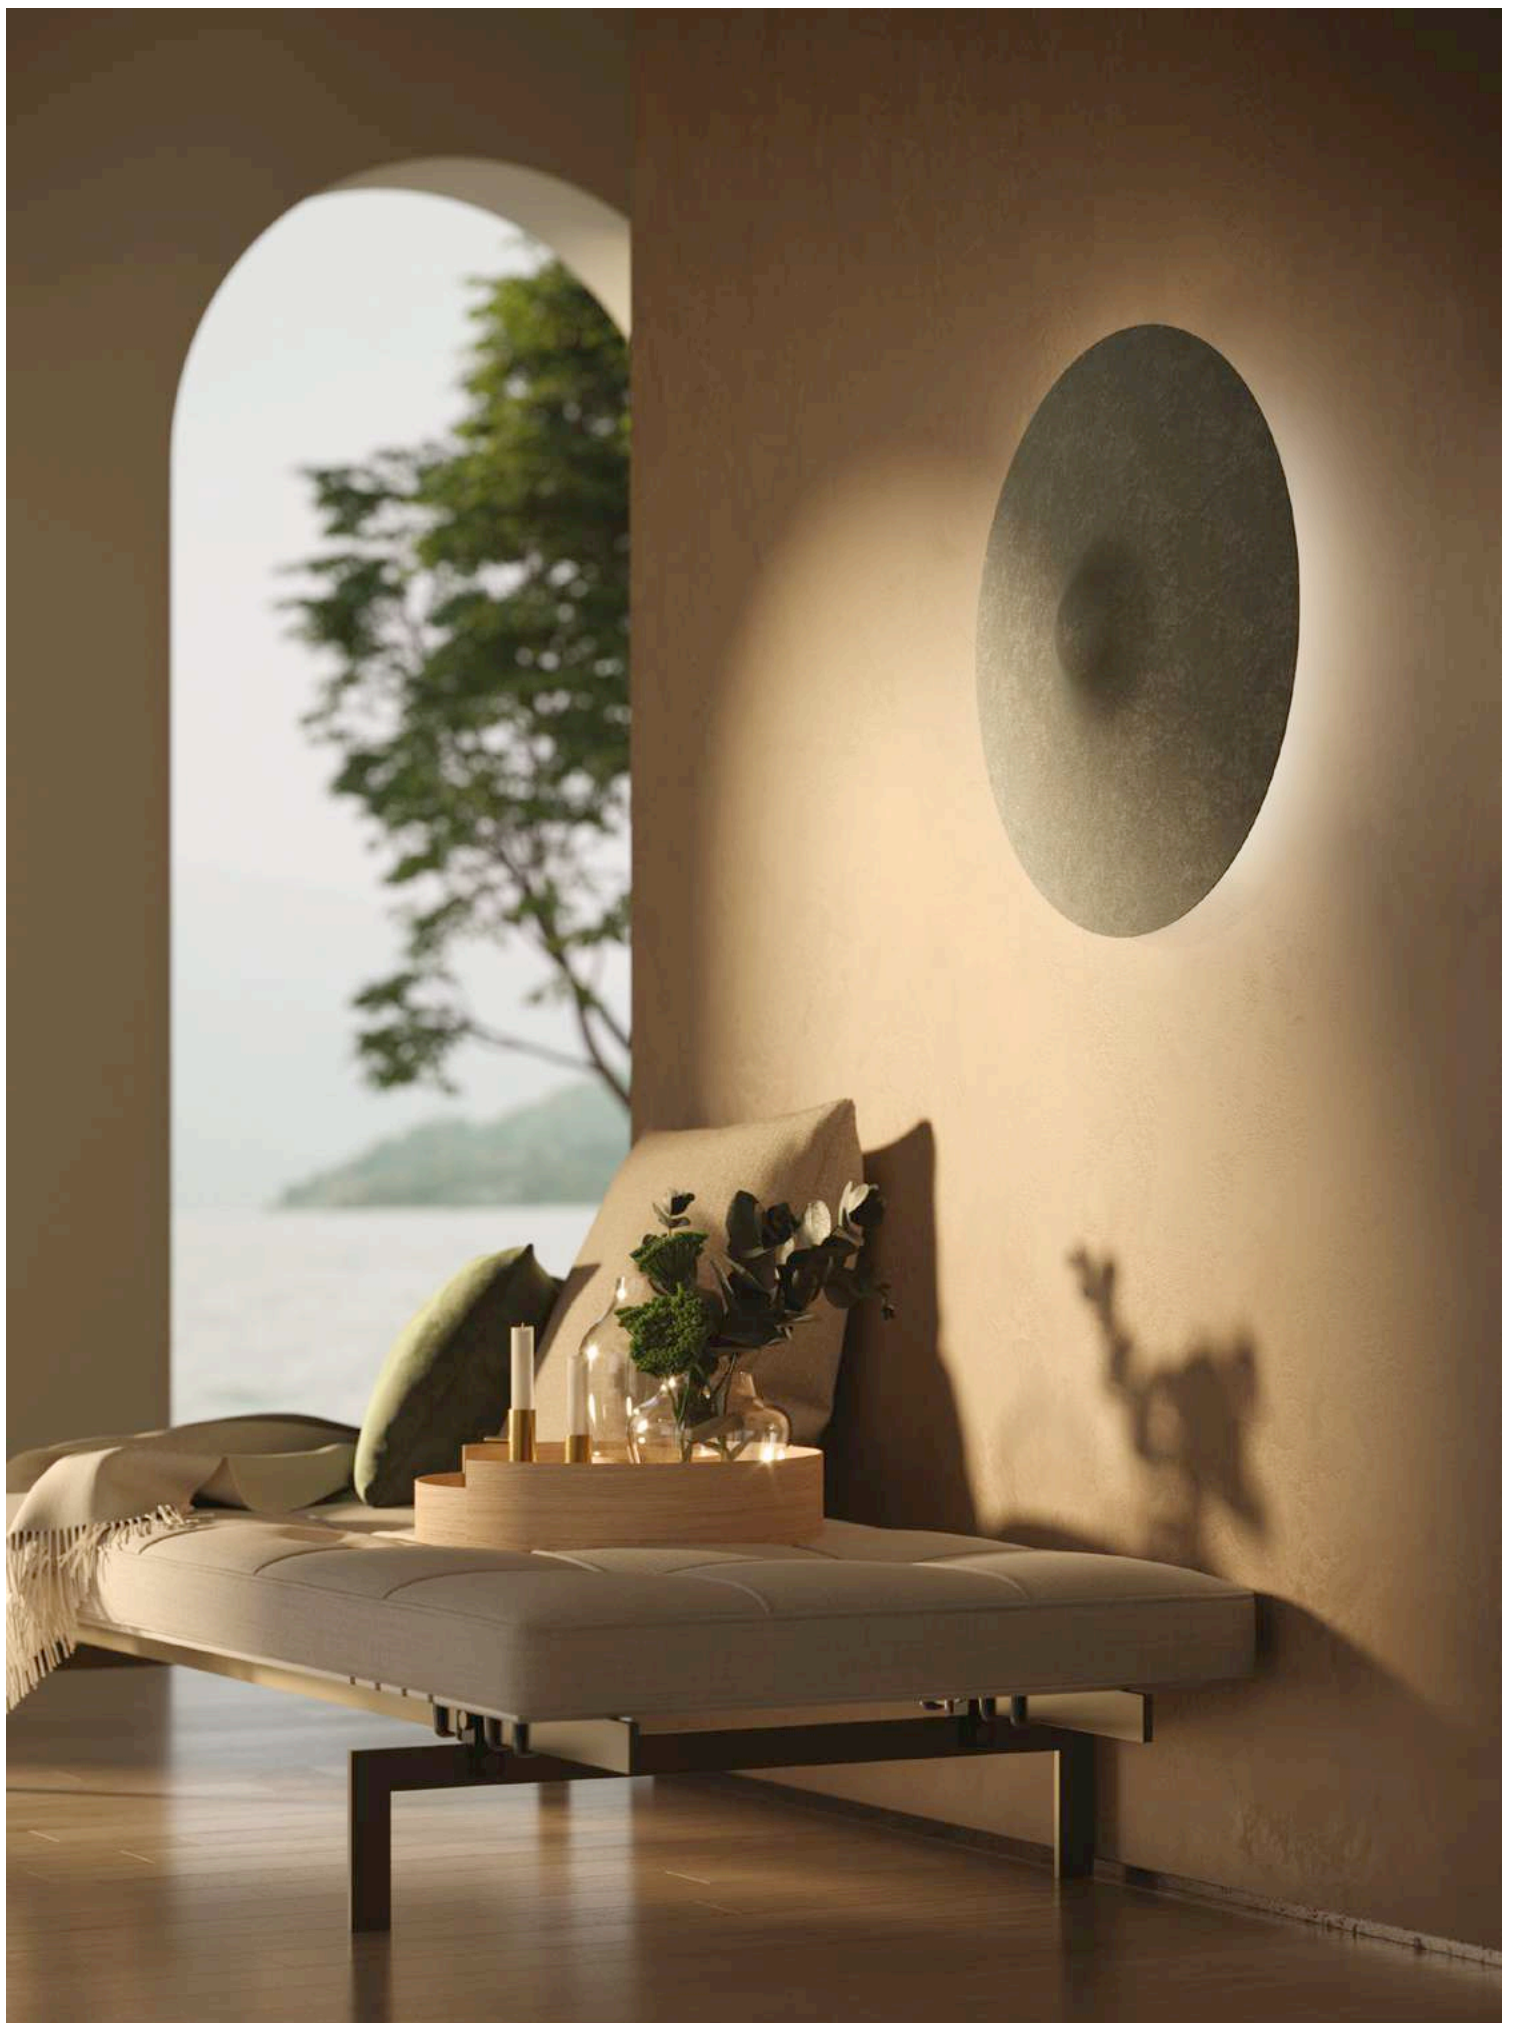

The wide, slim shape of the Acustica lampshade is inspired by the cymbal of a drum kit, but reverses the musical concept by absorbing sound from the space, to create a high level of acoustic comfort. Its naturally inclined angle, and its lightness, make possible dynamic and creative compositions of multiple lamps, whilst the light source itself remains central and fixed. Acustica is available in a range of colour variations, and is ideal for use in public spaces such as restaurants and luxury offices, as well as large waiting areas.

La collezione Acustica è costituita da tre sospensioni per interno con proprietà di assorbimento acustico, di diametro da 60cm, 90cm o 120cm, e da due applique disponibili in diametro da 60cm e 90cm che mantengono invariate tutte le caratteristiche tecniche. Akoya nasce dall'evoluzione geometrica della circonferenza, che prima si fa superficie bidimensionale – il cerchio, e poi volume tridimensionale – la sfera. Dall'interazione di queste due geometrie si sviluppa l'immagine di una conchiglia che custodisce una pregiata perla luminosa al suo interno. Proprio come le perle, simbolo di perfezione e conosciute per il loro notevole grado di lucentezza, anche la collezione di lampade Akoya dimostra la sua naturale semplicità e la capacità di dialogare con il contesto architettonico in cui si trovano.

Akoya was born from the geometric evolution of the circumference, which first became a two-dimensional surface – the circle – and then a three-dimensional volume – the sphere. The interaction of these two geometries gave rise to the image of a shell housing a precious luminous pearl inside. Just like pearls, a symbol of perfection and known for their remarkable lustre, the Akoya collection also showcases its natural simplicity and ability to reflect its architectural environment.

La collezione Akoya comprende una applique di diametro 30cm e due sospensioni da interno di diametro 30cm e 60cm. È realizzata da due dischi metallici (disponibili nelle finiture bianco, antracite, corten e bronzo) che contengono un diffusore in vetro soffiato. La sorgente luminosa è a LED ad alta efficienza con alimentatore integrato e dimmerabile 1..10V, DALI o ON/OFF.

Puppy è una lampada di piccole dimensioni e dal look essenziale. È l'unione di due elementi che si completano in una sinuosa armonia e donano alla lampada delle sembianze astratte che richiamano quelle di una marionetta. Puppy è ideale per ambienti in stile classico contemporaneo.
