Authorised Distributor

welcome to orluna

We believe, only those things that are well lit
truly shine.

Light can enhance beauty, dramatise detail,
evoke emotion, and turn empty spaces into living,
breathing places.

That's why we don't just sell beautiful fittings - we
offer a beautiful places.

Where others are functional, we are warm and
inviting. Because we believe the designers of the
world's most stunning homes, hotels and galleries
deserve their work to be seen in the best light,
with the world's best lit effect.

Orluna, beautifully lit.

why orluna?

The right lighting can transform a room and the mood of those within it. Our passion lies in bringing our customers the very best lighting products, innovations and expertise, to help them build environments to welcome, to inspire or simply to relax in.

Yes our fittings are beautiful - but more than that is the role great design and lighting can play in breathing life into a room, and creating places people want to spend time in.

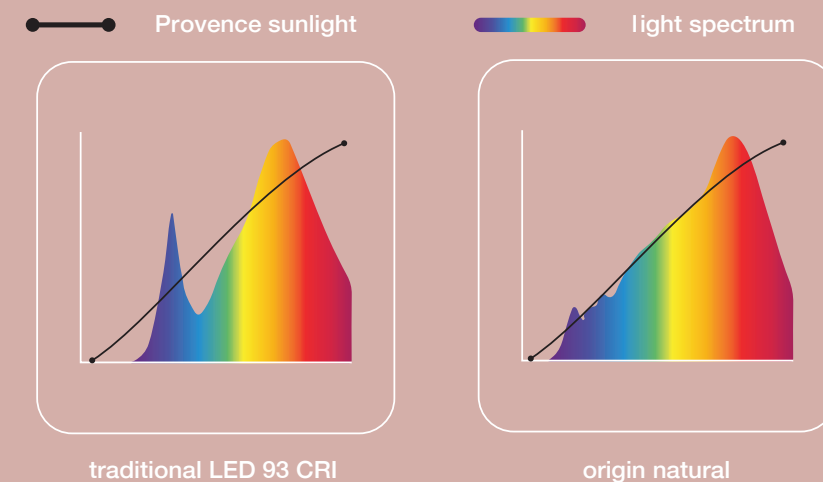

Unlike other lighting companies, we go beyond fittings design to make sure the light delivered is just as flawless, achieving the best lit effect.

high standard luminaires engines

Our Beautifully Lit range has been designed to bring out true colour in any space. It uniquely replicates the colour spectrum of natural light, which contains less blue light than artificial light sources. That way, you can experience colour in any interior space, like never before.

the different between orluna origin natural technology and traditional LED

advantage of orluna led engines

highest colour quality as standard

Orluna Origin Natural Technology. R9 99, enhancing entire colour wheel

unrivalled beam angle choice

10 beam angles for selection, from Ultra Spot to wallwash, or Elliptical

market leading longevity

Bespoke heatsink, L70 = 460k hours L90 = 50k hours

2 types of LED engines

5 figuration options

10 beam angles

98 CRI

When an old Orluna light comes to the end of its life, or is faulty, instead of throwing it away, we kindly ask you to return it to use.

1

3

The fully repaired and tested product enters back into our stock - with a brand new warranty.

circular product

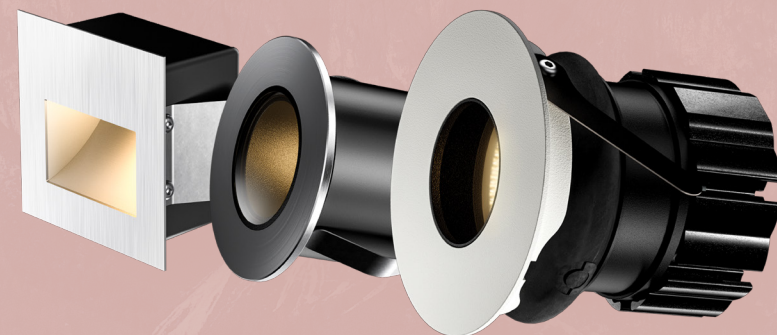

The 'new' light fitting is despatched to a new customer.

4

2

Once we're received the unwanted or faulty fitting, its dismantled, repaired and renewed with a new LED and PCB.
