“Glass is magical; at the beginning,
it’s a hot, liquid substance, and in the end,
a piece of transparent solid material.
It is a transparent fossil of our efforts
to tame it.”

Maxim Velčovský, Lasvit Art Director

The Essence of Lasvit

Lasvit headquarters, Nový Bor

Lasvit is a Bohemian artisan and design house creating sublime artworks of glass and light loved around the world.

We design and produce site-specific glass light creations, architectural artisanal glass, as well as design collections of lighting and glassware. This catalogue serves as a guide to our lighting collections, showcasing designs that balance craftsmanship, material innovation, and contemporary vision.

“Handmade objects bear the imprint of their makers’ love, giving them a unique look and, more importantly, a distinct feel. They radiate creative and humanistic energy that can be felt even in complete darkness.”

Leon Jakimič, founder of Lasvit

Moments of wonder take the most personal form.

Lasvit collections embody a fusion of masterful craftsmanship and avant-garde design, envisioned by some of the world's most brilliant designers.

Each piece carries the imprint of its maker—hand-blown, shaped, and finished with meticulous care by Lasvit's glassmakers who infuse their energy and passion into every creation.

Radiating energy beyond their crystal outline, Lasvit collections aim to become timeless objects that captivate, inspire, and connect.

DESIGNED BY YABU PUSHELBERG

MYSTERIOUS LIGHT
This light isn't in your face. The precise cuts and engravings in the hand-blown crystal cylinders manipulate the glow in unique ways, softening its overall effect. Hidden sources, traveling between connection points, give way to an enigmatic allure.

WHO WROTE THE CODE?
The design studio Yabu Pushelberg brings Cipher to life, drawing inspiration from Morse code's rhythm and the texture of stone. The collection merges contemporary design with meticulous craftsmanship.

ENDLESS POSSIBILITIES
Cipher's robust glass and precise cuts result in a sophisticated, almost cryptic aesthetic. Thanks to the collection's wide portfolio, Cipher offers limitless possibilities of arrangement in various spaces.

DAY & NIGHT

By day, Miles stands introverted, its precious metal coating reflecting its surroundings and hiding what's inside. By night, its true character shines through, as warm light transforms it into a source of pulsing brilliance.

THE PLAYERS' INSPIRATION

Created by New York-based studio Yabu Pushelberg, Miles draws inspiration from the parallel between playing brass musical instruments and glassblowing. Both require immense concentration and passion.

JAZZ IN GLASS

Metal-coated glass gives Miles a reflective, darker tone, making it striking even when unlit. The collection includes pendants, floor lamps, and table lamps, offering versatility across diverse spaces. Whether displayed individually or as part of a group, the whole band adds a unique vibe to any interior.

DESIGNED BY ARIK LEVY

INSPIRED BY NATURE
Crystal Rock merges nature’s rugged beauty with contemporary design. Its geometric, rock-inspired forms are handblown from solid glass and polished to perfection, creating dazzling reflections and transforming spaces into glowing landscapes.

NATURE MEETS ARTISTRY
Designed by artist Arik Levy, Crystal Rock draws inspiration from the organic forms and textures of stone, translating them into masterfully crafted glass objects. The result is a robust yet refined statement piece that embodies the fusion of nature and artistry.

VERSATILE ELEGANCE
Specially designed canopies enable dramatic clusters or striking solo displays. Whether placed above dining tables, staircases, or in hospitality settings, Crystal Rock unlocks endless design possibilities.

DESIGNED BY DAVID ROCKWELL

CELESTIAL ELEGANCE

Constellation transforms interiors into starry realms, inspired by the iconic night sky mural of New York City's Grand Central Terminal. Each piece represents a celestial formation: the ceiling lamp embodies Cassiopeia's grace, the wall sconce mirrors Orion's Belt, and the floor lamp radiates the brilliance of Polaris.

CREATE YOUR OWN STARRY STORY

Designed by architect David Rockwell, the collection invites creativity with its hand-crafted metal frames and intricate, star-like patterns. Let your creativity shine as you design your own stellar arrangement, making it as unique as the stars themselves.

SHINES DAY AND NIGHT

Available in Champagne and Black Stardust finishes, the metal-coated glass lenses cast enchanting glows, whether illuminated or not. Constellation adds cosmic elegance to any room while adapting seamlessly to lower ceilings or grand interiors alike.

WEAVING LIGHT INTO GLASS

Loomo

Light skims its surface, catching on patterns that shift like a woven thread, an illusion of texture captured in glass.

Loomo Wall Sconce S
Loomo Wall Sconce L

DESIGNED BY MAXIM VELČOVSKÝ

THREADS OF LIGHT

Loomo reinterprets textile craftsmanship through lighting, evoking the texture of woven fabric. Though smooth, its surface suggests a structured, woven impression—capturing the interplay of texture and light in a contemporary design object with an ambient glow.

MASTER OF INTERLACING HISTORIES

Designed by Lasvit's Art Director Maxim Velčovský, Loomo transforms fabric's immaterial qualities into sculptural light. Known for reimagining everyday objects with irony and history, Velčovský creates a dialogue between old and new.

A GLOW WOVEN IN GOLD

Available in two wall sconce sizes, Loomo's golden hue enhances its circular form. The soft glow highlights its intricate detailing, blending function with artistry. Whether in an intimate setting or eclectic interior, Loomo elegantly drapes light like woven threads.

THE SHAPE OF A STORM

Inspired by the fleeting nature of hailstones, Niveo interprets the frozen ornament created by gravity through a hand-blown glass lighting. Named after the Italian word for “snow-white,” the collection’s textured surface balances organic spontaneity with precise craftsmanship.

FINDING ORDER IN CHAOS

Designed by Jan Plecháč, Niveo embraces the unpredictability of nature, where chance shapes design. The result is a collection that distills the movement of a storm into a luminous, tactile form.

SCULPTURAL LIGHT IN MOTION

The series includes a linear pendant, ball pendants in single, triple, and five-light clusters, and a table lamp with an inverted spherical form. Each piece conveys a sense of fluidity, casting a soft, shifting glow that interacts with its surroundings.

WHERE STARS ARE BORN

Nebula

Inspired by the futurism of sci-fi films, Nebula brings a cosmic elegance to contemporary interiors.

Nebula Ceiling Lamp
Nebula Table Lamp
Nebula Table Baby Lamp

DESIGNED BY CLAESSION KOIVISTO RUNE

A GLIMPSE OF THE COSMOS
Inspired by 1960s scifi movies, Nebula brings futuristic elegance into contemporary design. Its organic bulb-shaped form encases a diffusing glass lens that directs light upward to a polished, metalized reflector, creating a radiant gradient effect. Even unlit, its sleek glass and metal finishes make it a sculptural masterpiece.

SWEDISH MINIMALISM MEETS BOHEMIAN CRAFT
Designed in collaboration with Claesson Koivisto Rune, this collection embodies the synergy between Swedish design and Lasvit’s glassmaking artistry. The interplay of reflection and illumination ensures each piece remains a dynamic presence, shifting with its surroundings.

COSMIC VERSATILITY
With table lamps and ceiling sconces in three distinct finishes, Nebula adapts to diverse interiors. Whether a bold solo statement or a celestial cluster, it transforms spaces with otherworldly beauty.

Spacey Lunar Table Lamp
Spacey Midnight Sun Floor Lamp

DESIGNED BY LUKÁŠ NOVÁK

A COSMIC VISION

The Spacey collection captures the awe-inspiring beauty of the cosmos with its exquisite glass spheres. Crafted using the ancient lithyalin technique, these marble-like surfaces feature cosmic markings in vibrant natural shades, evoking the timeless allure of planetary bodies. The distinct finish adds a refined sheen, making each piece a captivating focal point whether lit or unlit.

REVIVING TRADITION WITH INNOVATION

Czech designer Lukáš Novák sees glass as a medium for conveying emotions and stories. By reviving the rare lithyalin technique, he merges centuries-old craftsmanship with modern design, creating objects that embody the depth and mystery of the universe.

DESIGNED BY NENDO

SOFT GEOMETRY IN LIGHT

Where Japanese minimalism meets masterful craftsmanship, Press transforms glass tubes into gentle, organic shapes. Each piece holds the light source purely through gravity—without metal molds or screws—resulting in subtle variations. The clean, intentional design emits warmth and softness, enhancing interiors as a solo accent or in dynamic clusters.

MINIMALIST MASTERY

Rooted in the Mingei movement's reverence for everyday craft, Press reinterprets simplicity with contemporary flair. Designed by Tokyo-based Nendo studio, the collection reflects their sculptural, playful approach to design, blending functional beauty with artistic expression.

THE “PRESS” EFFECT

The “press” detail in each piece creates pinched angles that softly diffuse light. Perfect for reshaping any space, these fixtures bring a quiet yet transformative presence to interiors, elevating them with an atmosphere of refined elegance.

THE FLOW OF SCULPTURAL ELEGANCE

Duna

Inspired by the flowing shapes of sand dunes, Duna captures nature's dynamic beauty, adding movement and elegance to space.

SHIFTING SANDS OF LIGHT

Inspired by the desert's shifting dunes, the Duna collection captures the mesmerizing interplay of light and texture. Asymmetrical glass shapes with striated surfaces create dynamic light and shadow effects, while focused light sources enhance the intricate geometry. Whether illuminated or not, Duna captivates with its sculptural presence.

ZAHA HADID'S DESIGN LANGUAGE

Designed by the studio of the visionary Zaha Hadid, this collection embodies her signature approach to fluid, organic forms that defy convention. Duna reflects her architectural philosophy, seamlessly blending dynamic structures with iconic style.

DYNAMIC SCULPTURAL BEAUTY

Blown into metal molds, Duna's ripple-textured glass mimics the flowing lines of nature. Whether used as a solo statement or in clusters, this lighting collection elevates any space, offering sculptural elegance and captivating texture.

CHASING THE BURN

Yakisugi

Where fire meets glass, a story unfolds—one of ancient tradition, raw beauty, and light reimagined.

Yakisugi Pendant S
Yakisugi Pendant L
Yakisugi Table Lamp

DESIGNED BY KENGO KUMA

WOOD’S FINAL IMPRESSION
Yakisugi celebrates the ancient Japanese craft of charring wood for preservation, creating harmony between destruction and creation. The result is a luminous sculpture that feels as if it were shaped by nature’s own hand.

THE CREATIVE FORCE
The Japanese architect Kengo Kuma brings Yakisugi to life, seamlessly merging traditional aesthetics with modern design. Drawing on centuries-old techniques, he crafts pieces that embody nature’s authenticity and tranquility, striking a perfect balance between heritage and innovation.

BORN THROUGH FIRE
Through a distinctive process, molten glass is poured into wooden molds, capturing the intricate texture of charred wood as it burns away. Yakisugi evokes a quiet elegance—transforming spaces into serene sanctuaries where light becomes a gentle reminder of resilience and renewal.

THE INNER GLOW

Hidden Light

Hidden Light is more than meets the eye—look within to discover its true radiance.

Hidden Light Pendant
Hidden Light Floor Lamp

DESIGNED BY JAN PLECHÁČ
& HENRY WIELGUS

BREAKING FREE

Hidden Light symbolizes the human spirit breaking free from constraints. Each lamp is created through a metal cage, resulting in solid glass forms with unique character. The glowing designs evoke a deeply personal connection, inviting introspection and the rediscovery of inner freedom.

IGNITE YOUR INNER SPARK

Created by designers Henry Wielgus and Jan Plecháč, Hidden Light reflects a thoughtful approach to design. By exploring the emotional depth of light, they create pieces that celebrate individuality and the transformative power of self-expression.

FIND YOUR HIDDEN LIGHT

Glass is blown directly into cage-like metal forms, producing organic shapes where no two pieces are alike. Whether used as a single focal point or arranged in clusters, these lights create a warm and reflective ambiance.

A CLASSIC REIMAGINED

Glitters

A classic chandelier shape, redefined with crystal prisms that catch and evenly distribute light.

BREAK FROM CONVENTION

The Glitters collection merges timeless elegance with playful innovation, transforming spaces with pleated glass that scatters light into rainbow-like reflections and intricate shadows. When illuminated, each piece creates a dazzling interplay of light and form, turning walls into captivating ornamental canvases.

A CLASSIC REIMAGINED

Czech designer Gabriela Náhlíková reimagines the classic chandelier with a contemporary twist in the Glitters collection. By arranging crystal prisms into a rounded silhouette, she honors traditional design while introducing modern sophistication.

TOUCH OF ROMANCE

With its versatile and timeless aesthetic, Glitters elevates intimate spaces like spas and bedrooms with subtle glamour. Offering pendants, table lamps, and wall sconces, this collection delivers cohesive styling and a touch of romance to any interior.

FREEZE, YOU'RE TOO BEAUTIFUL

Frozen

Did you know glass can capture nature’s fleeting beauty and transform it into a timeless masterpiece?

PERFECTION IN IMPERFECTION
The Frozen collection captures nature’s randomness, with each piece forming a unique texture and organic shape. Inspired by the fluid transformation of water into ice, it highlights glass’ natural, liquid-like beauty. Balancing imperfection with craftsmanship, Frozen celebrates the unpredictability of nature.

THE MAGICIAN
Maxim Velčovský, renowned Czech designer and Lasvit’s Art Director, draws inspiration from nature’s constant evolution. His work embodies the concept of metamorphosis, preserving fleeting moments in glass and transforming them into timeless works of art.

SPILL THE GLASS
Created by layering molten glass over metal molds, Frozen mirrors the flowing texture of melting ice. These imperfect yet stunning surfaces bring nature’s raw charm into open kitchens, dining areas, or any setting seeking refined, natural artistry.
