**Custom Decorative Lighting Solutions** 

Zodiac Lighting provides a one-stop custom decorative lighting solutions to all your project needs.

Our Product and Research & Development experts will work closely with you and advise you from design, testing to production.

Zodiac Lighting brings your ideas to life, reflecting your unique character and enhancing your space.

#### The balance between design and craftsmanship

Zodiac Lighting believes in the balance between creativity and functionality. In collaboration with our Research & Development team, the award winning design team at our manufacturing plant is dedicated to develop practical and innovative lighting products to meet the needs of discerning customers. In addition to the design team, the quality control department provides the most stringent testing to ensure the highest level of safety and functionality on all products.
